FOIA REQUEST

Fee benefit requested

Fee waiver requested

Expedited processing requested

FREEDOM OF INFORMATION ACT, PRIVACY ACT of 1974 REQUEST

Dear FOIA Officer:

Fee Waiver

I make the following request pursuant to 29 U.S.C. 1746. I am a publisher, an author and a blogger, therefore a member of the media. I own and operate, Majestic Publishers as well as Adams LLC. I have written numerous informative articles about how citizens can help our nation and the requested information is in the public interest. I am doing research about the FBI that will significantly contribute to public understanding of the operations and activities of this government agency. I only receive nominal financial gain from my articles that I post freely to the web. My articles and research reports are not primarily in the commercial interest of the requester. A web based search with the phrase, "articles by Dale B. Adams" will reveal many favorable articles about how citizens can help our nation.

Expedited Processing

I request expedited processing for several different reasons and hope you can process this information as soon as practicable. There is an urgency to inform the public about the information I have requested due to upcoming elections. I am primarily engaged in disseminating information and request expedited processing because the information requested involves a matter of compelling need. This request also involves a matter of widespread and exceptional media interest in which there exist possible questions about the government's integrity which affect public confidence.

I also request expedited processing because I will lose substantial due process rights if the records are not processed quickly. The information requested will assist me in my lawsuit against Tyson Foods to ensure my Constitutional rights are preserved and defended.

Your prompt response may also prevent the loss of life of a U S citizen. My mentally disabled Mother-in-Law died by suicide recently because the US DOJ, EEOC, USDA, US DOL/OSHA and other agencies failed to abide by my FOIA requests. Now my wife, Cherie L. Adams is devastated and speaks about suicide often due to the loss of her Mother. Cherie also suffers severe migraine headaches making life unbearable due to the eye disease keratoconus and I am trying to obtain this information to resolve litigation so I can get her medical treatments. I want to make my wife happy and to make her life worth living again with joy, instead of misery. My elderly Father-in-Law, Roy Gattis' health is failing and he is going blind due to macular degeneration. The information you will provide will assist me in resolving my lawsuit against Tyson Foods and others, promptly so that I can get both relatives the medical care they need to sustain life, prevent blindness and obtain the will to live.

FOIA Request

I began contacting the U S DOJ and FBI both to file charges against Tyson Foods, employee's and numerous federal agencies for violating laws in May of 2009. Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request any and all information, records, call logs, emails, photographs, and sound or visual recordings, memos, any contact or any correspondence regarding myself and these federal law enforcement agencies.

I believe Tyson Foods violated the law by wrongfully placing me onto a Bio-terrorism or terrorism watch list, fraudulently stating I was a danger to the food supply. They violated state and federal law by coercing and plotting with other employees and management to [STEAL] and place my cell phone into the food production line. Tyson Foods also made fraudulent statements stating I had a camera and was taking photos of the food production lines. My cell phone didn't even have a camera on it. They did so to retaliate against me for attempting to file charges against them with OSHA, EEOC, USDA and the U S DOL for violating Laws. These agencies deliberately failed to respond to my communications and I was denied my right to file a retaliation complaint against Tyson Foods for violating Criminal Penalties of Section 1107 of the Act –Retaliation Against Informants 18 U.S.C. § 1513(e). I hereby respectfully request that you investigate these violations of law by Tyson Foods.

Do you realize how serious a law violation it would be for the US DOJ to allow Tyson Foods to wrongfully place a U S citizen on a terrorism watch list in order to defeat their violations of law and with the intent to defeat my civil rights lawsuit? I request a copy of any and all communications you received from the Department of Defense, U S Health and Human Services, Homeland Security or any state or federal agency regarding Dale Adams and/or Tyson Foods.

The U S DOL Solicitor, the US DOL Office of Inspector General, the US DOL Regional Administrator; Dean McDaniel, US DOL District Director; Christine Schott and the U S Secretary of Labor; Hilda Solis, and U S President Barack Obama, the FBI, the US DOJ are all aware that I reported a federal offense to the U S DOL, EEOC and other federal law enforcement agencies and that my employer; Tyson Foods knowingly, with the intent to retaliate took action harmful to me, including interference with my lawful employment and my livelihood. Each and every one of you are violating your sworn oath of office and are defending and protecting Tyson Foods from being rightfully charged with the crime of Criminal Penalties of Section 1107 of the Act –Retaliation Against Informants 18 U.S.C. § 1513(e). You are also accepting and condoning Tyson Foods to violate my civil and Constitutional rights. Please provide me any laws, memos, records or any and all data that permits you to violate the law and your duty and responsibility to uphold the U S Constitution to allow Tyson Foods to torture me repeatedly without being charged with the criminal violation above?

I specifically request any and all records concerning me duly recorded with time and date stamp;

Please turn off the satellite rays or waves that are causing my wife and I physical harm!

I request copies of any and all records the FBI and U S Department of Justice has about my criminal record so I can attempt to determine how in the world your Honorable agency has made such a terrible mistake in allowing the federal government and Tyson Foods to torture me repeatedly and completely

eradicate all of my civil and Constitutional rights. *Any information you can provide to please help me understand why the FBI and US DOJ are allowing parties to deliberately harm my family and I and fail to enforce the laws as you are required to by law.* Why are you harming me and destroying the nation that I love? What did I do?

The US DOJ, US DOL/OSHA, USDA and EEOC, [U S Government] deliberate law violations to protect Tyson Foods from criminal penalties directly led to the undue death of my Father; Clarence D Adams, Retired Master Sergeant, USAF [Disabled Veteran] and Linda Gattis by suicide. Does the FBI intend to delay or deny my FOIA request to also jeopardize the life of my disabled wife?

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I would like to receive the information in electronic format or documents. My email address is AdamsLLC@cox.net.

I am willing to pay fees for this request up to \$20.00 if my fee waiver is rejected. Please contact me if the fee will be a larger amount.

I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief.

Signed on this date of 15th day of November, 2011.

Sincerely,

A handwritten signature in cursive script that reads "Dale B. Adams".
